Workforce Development Solutions

MassMEP has a comprehensive workforce skills development solution that can help your business by improving workforce skills and competencies.

Join us for an informative public session where you will learn more about our performance based Employee Development System for Manufacturing.

Learn how you can:

- *Address your current employee skills gaps*
- *Prepare for and address the skills challenges posed by new technology*
- *Improve the morale of your workforce*
- *Develop a knowledge transfer process that works*
- *Positively impact your bottom line through improved workforce performance*

Special offer for attendees

Attendees will receive a FREE Workforce Assessment Tool that can start you on the way to improving your workforce skills. The assessment tool will help you evaluate current workforce skills, identify company wide training needs, and then develop a comprehensive plan to address the skills deficiencies that exist and future skill requirements.

In this busy, stressful environment you may be thinking that you can not afford to take time out of your business to attend... can you afford not to?
