

TWI04: Supply Chain Management Workshop

Presented by: **The NAPM-Maine and Maine MEP**
When: **Wednesday, October 12, 2005**

Where: **Sheraton South Portland Hotel near the South Portland Mall**
363 Maine Mall Rd. · South Portland, ME · (207)775-6161

Are you looking to strengthen the links in your supply chain? Need to improve relationships between you and your suppliers? Looking to increase production? Utilizing the Time Wise® Suite of Products, this workshop is designed with you in mind and is sponsored by the National Association of Purchasing Managers-Maine (NAPM-Maine) and Maine Manufacturing Extension Partnership (Maine MEP).

Workshop overview: This workshop is an accelerated learning experience designed to teach participants how to practically apply Lean concepts to improve supply chain performance. The workshop uses a physical board-based simulation as the primary learning instrument, supported by the integration of lecture and discussion.

What to expect: The simulation incorporates the roles of business customers, warehouse and service managers, factory workers, cross-functional improvement teams, corporate accountant, information network carriers, suppliers, and transportation service providers. During the workshop, participants:

- Experience the frustrations inherent in a traditional manufacturing supply chain
- Understand the business case for supply chain improvement as a way to profitably meet rising customer expectations in a volatile and globally competitive market
- Apply Lean principles to reduce total lead time and costs in the whole supply chain and to increase the speed and flexibility of an extended value stream

The presenter: **Michael Jordan** is a consultant with Time Wise Solutions. His areas of focus include:

- Educational training programs in Lean supply chain improvement concepts and methods
- Supply chain "solution engineering," and "solution selling" skills training programs
- Development of customized accelerated knowledge tools, planning/assessment tools
