

# Introduction to Fundamentals of Lean Manufacturing

Sponsored by Northern Essex Community College and MassMEP

Wednesday, April 8, 2009

## ***How to Transform Your Manufacturing Processes with Lean Principles***

MassMEP and Northern Essex Community College invite you to an informative session on Lean Manufacturing.

Join us for this informative session where you will be introduced to the Principles of Lean Manufacturing and learn how this powerful tool can positively impact your business.

You will hear first hand accounts from ARC Technologies and ETM Manufacturing on how they have successfully implemented Lean Methodologies and impacted their companies. You will also hear about additional resources available to Massachusetts businesses.

## ***Learn How to Sustain Momentum During and After the Lean Transformation***

Partnering with MassMEP, Northern Essex Community College provides the communication, management and leadership training that are critical to becoming, and remaining, a truly Lean organization.

### **Benefits of Lean**

- 90% reduction in lead time
- 85% improvement in quality
